

Health Connection is ...

Improving health and advancing health equity by providing high-quality, affordable reproductive health services regardless of the ability to pay. All services are confidential and voluntary. Persons have their right to control their reproductive lives.

Clinics are staffed by caring and specially-trained personnel who will talk with a person, listen to concerns, and help one make good decisions about their health.

Reproductive Health Services
Family Planning

It is the policy of Pace Community Action Agency, Inc. to comply with all State and Federal Regulations prohibiting discrimination on the basis of race, age, color, religion, sex, gender, disability, national origin, ancestry, familial status, Vietnam Era Veteran or military status in its programs, employment policies, and access to programs and facilities. Funds are provided by Indiana Family Health Council, Inc., from the U.S. DHHS, PHS Title X Family Planning Project, and ISDH/MCH Family Planning grants in addition to patient fees and donations. As public funding becomes more difficult to obtain, it is necessary for us to encourage clients to donate the maximum amount they can toward our services in order to insure the continuation of the program.

Reproductive Health

Looking for a reproductive health provider? Since the clinic's inception in 1969, Health Connection offers telehealth and in-person appointments to a person seeking safe, compassionate, confidential reproductive healthcare. Reproductive health is important to a person's overall health and well-being. The provider asks questions regarding one's medical history, family medical history, and partner history. The provider may perform a physical examination and order tests based on individual's needs. Education, counseling, and referrals are available. Make an appointment today to explore your reproductive health options with our experts. We help **you** take better care of yourself and live your life to the **fullest!**

General Information

- Individuals are seen on a **voluntary** basis by appointment or walk-in
- **Confidential**, affordable family planning services are provided with compassion, sensitivity, and professionalism on a sliding-fee scale with charges based on household income and family size
- **No one** is refused services based on the inability to pay. Most **insurances** are accepted
- Individuals under the age of eighteen (18) will be served **without** parental permission or notification
- **Referrals** are made to other medical and social service agencies as needed
